### ### SE Division Timetable

| Day       | 9-10       | 10-11      | 11-12           | 12-1            |
|-----------|------------|------------|-----------------|-----------------|
| -----     | -----      | -----      | -----           | -----           |
| Monday    | AOA (PCA)  | DBMS (RSG) | LAB: DAVL (SAP) | LAB: CSSL (DGJ) |
| Tuesday   | DBMS (RSG) | AOA (PCA)  | LAB: MLL (RAS)  | Free            |
| Wednesday | OS (SM)    | MP (DGJ)   | EM (PS)         | Free            |
| Thursday  | MP (DGJ)   | OS (SM)    | EM (PS)         | Free            |
| Friday    | AOA (PCA)  | DBMS (RSG) | Free            | Free            |

### ### TE Division Timetable

| Day       | 9-10       | 10-11      | 11-12      | 12-1       |
|-----------|------------|------------|------------|------------|
| -----     | -----      | -----      | -----      | -----      |
| Monday    | DAV (SAP)  | CSS (DGJ)  | SEPM (NAS) | ML (RAS)   |
| Tuesday   | CSS (DGJ)  | DAV (SAP)  | ML (RAS)   | SEPM (NAS) |
| Wednesday | SEPM (NAS) | ML (RAS)   | IVP (SV)   | Free       |
| Thursday  | ML (RAS)   | SEPM (NAS) | IVP (SV)   | Free       |
| Friday    | DAV (SAP)  | CSS (DGJ)  | Free       | Free       |

### ### BE Division Timetable

| Day     | 9-10      | 10-11     | 11-12           | 12-1            |
|---------|-----------|-----------|-----------------|-----------------|
| -----   | -----     | -----     | -----           | -----           |
| Monday  | SMA (PCA) | AAI (MPJ) | LAB: SMAL (PCA) | LAB: AAIL (MPJ) |
| Tuesday | AAI (MPJ) | SMA (PCA) | LAB: RNL (DI)   | Free            |

|           |         |         |                 |                 |
|-----------|---------|---------|-----------------|-----------------|
| Wednesday | RN (DI) | Free    | LAB: SMAL (PCA) | LAB: AAIL (MPJ) |
| Thursday  | Free    | RN (DI) | Free            | Free            |

| Friday | SMA (PCA) | AAI (MPJ) | Free | Free | RN (DI) | Free |

...

This timetable attempts to distribute lectures and labs throughout the week, minimize conflicts, and provide some free slots. It assumes a single batch per division. If there are multiple batches, lab timings would need further adjustment and potentially some duplication of lecture slots. It also maximizes the use of faculty time by scheduling their subjects back-to-back where possible. Free slots can be utilized for self-study, remedial classes, or other activities.
